LATEST DEVELOPMENTS.

A NEW UNION, ACCORDING TO REPORTS, TO BE ORGANIZED.

The trouble at the Marine ways is still hanging fire. The men who walked out have not yet returned to work and the caulkers who claim themselves journeymen and who claim that very few of the men who walked out were journeymen say that a union will be formed. Papers are being made out today to reorganize a union under the ship Carpenters and caulkers of the state union. They say that no workman who is not a journeyman will be admitted to the union and that the latter will have to join the Dock and Ways union that is now being organized by William South, an employee of the ways.

The charter under which the caulkers have been organized will be abandoned and all the employees of the ways and other boat repairing property will be required to come into the union under the new charter.

A LUNATIC.

A BANDANA WOMAN TAKEN THROUGH TO HOPKINSVILLE TODAY.

Messrs. R. F. Bradshaw and C. S. Hall, of Bandana, passed through the city today at noon en route to Hopkinsville, with Mrs. W. M. Bradshaw, aged 60 years, the former's mother, whom they will place in the asylum there. Mrs. Bradshaw has been insane for the past six months and was an inmate of the asylum until about three months ago, when she was discharged as cured. She became worse several weeks ago and it was found necessary to again place her in that institution. The cause of her demented condition is nervousness.

ANOTHER SCORCHER.

OLD SOL CHASED THE MERCURY ALMOST TO THE TOP.

The temperature yesterday as recorded by Government Observer Bormanman, went to 100 in the shade. Only one other day this year, last Sunday, has been so warm.

Last night was also very sultry, the minimum temperature being 77.

This afternoon at 1:30 the thermometer at Observer Bormanman's registered 101 1/2. This is the hottest for the day and for the season.

LIABILITIES \$18,000.

Stovall and Brand, the dry goods merchants who assigned at Mayfield yesterday, will probably have liabilities amounting to \$18,000. Assets unknown. Mr. Stovall formerly resided at Elizabethtown, Ky., and Mr. Brand, who owns a brickyard, was admitted to partnership about a year ago.

WOULDN'T TELL HER NAME.

Mr. Robert Kyle, the well known Illinois Central blacksmith, will go to Louisville tomorrow and claims he will surprise his friends and will bring back a bride on his return. He declined to tell the young lady's name.

There were about ten passengers through for Buffalo on the noon north bound train today. The business is picking up and all lines south are doing a good business in the Buffalo traffic.

Misses Helen and Davie Hendricks, of Madisonville, Ky., returned home this morning after a visit to their father, Mr. E. L. Hendrick, who accompanied them home.

Mr. Eugene Langley, of the Hiram Blow plant, went to Grayson Springs this morning on a several weeks' visit.

Miss Birdie Nash went to Louisville today at noon to visit.

THE OIL FIELDS

Mr. George C. Wallace Just Back From Texas on Business.

FOUR WELLS TO BE BORED

Some of the Property Has Been Sold, But No More is on the Market—Many Big Land Suits.

CAPT. PELL TELLS ABOUT GAS HERE

Mr. George C. Wallace, who had been in Texas for several weeks, returned this morning to remain about ten days or two weeks on business.

He reports progress in the preparations for boring on his property. They were at first delayed by the difficulty in getting pipe, and then it was learned that wells would have to be dug for water to furnish the boilers with steam. This caused further delay, but now there are four derricks upon the Wisdom property, and all the necessary pipes, machinery and other material is there, ready for use, and boring will begin at once.

Quite an area of the property has already been sold at good prices, but no further sales will be made until the boring is finished. There are plenty of offers, but Mr. Wallace and other owners do not desire to dispose of it at present.

Texas is now very much excited over the oil discoveries, but there is less confusion than formerly.

Mr. Wallace reports that there are now over \$50,000,000 in suits pending in the courts over land that has more than one claimant.

Mr. Wallace will return to Texas as soon as he completes his business here.

Mr. Charles Pell, the veteran river man, was in a reminiscent mood this morning, and in speaking of the report that there was oil found below the ice factory, on the river bank, said:

"I remember about fifty years ago that we used to go down to the foot of what is now Jefferson street, when the river was low, and amuse ourselves lighting the bubbles that came up through the shallow water from the ground."

"It was a favorite diversion with all the boys in those days, and many is the time that we lighted the gas and watched it burn. I notice that one man is quoted as saying that it was oil, but in those days we called it gas."

"I remember that once the late Mr. J. G. Fisher, afterwards mayor, placed a hoghead over one of the small gas jets provided by nature and ignited it, and it burned for several days. It was certainly gas."

"You could find those little jets then at most any place during low water from Jefferson street to where the Illinois Central incline now is. It may be oil now but it was gas in those days."

"It used to be a favorite theory in those days that the gas was generated from the vast deposits of dead leaves that decayed all over the bank. In later years I have heard nothing of the gas that we used to enjoy so much half a century ago, but it may still be there."

GOES TO INDIANAPOLIS.

MR. EISENBERGER WILL NOT START A RESTAURANT HERE.

Mr. Guy Eisenberger, of Cairo, who was to start a restaurant here, has abandoned the project, and left the city today for Indianapolis, where he will open a big restaurant. He had a lease on the Campbell building, which was given up a few days ago.

CONDITION PRECARIOUS.

The many friends of Captain R. G. Rouse will regret to learn that his condition is most critical and recovery is doubtful.

THE WEATHER.

Generally fair tonight and Sunday excepting showers tonight in the extreme eastern portion.

TO SUE SHERIFF.

LEE WALTERS SAID TO BE PREPARING A DAMAGE SUIT.

Lee Walters, of this county, who was yesterday acquitted at Benton of perjury in the "Tex" Sprague case, has according to reports signed his intention of suing Sheriff Rogers and other McCracken county officers for alleged false imprisonment.

He was arrested here several months ago and placed in jail until he could be taken to Benton.

Henry Foley, the man who swore that Walters paid him to shoot into his, Walters' house, has according to reports been indicted for perjury. At a former trial he swore he did not know who did the shooting.

AMERICAN DERBY.

A LARGE CROWD IN CHICAGO TO SEE 'EM OFF THIS AFTERNOON.

Chicago, June 22.—An immense crowd is gathering for the American derby. Parader is the favorite with His Eminence and Bonnet close up. It is likely that the crowd will be the largest ever seen here.

RAILROAD NEWS.

The Illinois Central announces that arrangements have been made with Elder Dempster and Co. to put on a regular monthly service between New Orleans and Glasgow, Scotland, with steamers of the Weir line. The first vessel will be the Tymeric, which will load during the first half of August. This is the first regular line that has been established.

The deal was closed at Thebes, Ill., for the land upon which the eastern end of the new bridge across the Mississippi there will rest. The combined railroads which will use the bridge purchased 100 acres of land upon the hill there from Isaac B. Dexter. The Illinois end of the bridge will be about 7 feet higher than the bluffs there, so practically no approach will be required. The trains will turn north upon leaving the bridge, the Illinois Central trains going straight ahead to Gale which is their present crossing there, and the Chicago and Eastern Illinois trains making a circuit around the hills and turning southward through the village of Thebes.

It is reported that the Kanawa Dispatch railroad will shortly drop the Illinois Central, whose tracks it has been using, and substitute the L. and N.

One of the leading railroad officials of the Southwest, whose headquarters are in Little Rock, is of the opinion that this change is brought about by the desire of the Chesapeake and Ohio, which is really the power behind the throne in the Kanawha, to divert the grain shipments from New Orleans to Newport News, a proposition that the Illinois Central will not think of standing for. It is claimed that the grain rates to the east are already so thin, that the shipments would show a liberal tonnage but small profits, and in case this phase of the grain traffic materializes there will be a lively time in official freight circles.

—Owing to the heat there was a small congregation at Temple Israel last night to hear Rabbi Margolis preach.

—State Secretary Rosevear, of Louisville, is expected Monday on a visit to the local association.

—The Gun club held a practice shoot at the park yesterday afternoon and it was well attended.

—Mr. R. S. Whitsitt, an employee of the E. Rehkopf saddlery works, had a finger badly injured in one of the machines this morning. Dr. Boyd dressed the injury.

Mr. A. V. Scofield, the well known Illinois Central blacksmith, and family left for Shelbyville today at noon to visit relatives. Mr. Scofield will return Monday but his family will visit in that city about two months.

FAIRLY GOOD

Business for the Past Week Has Been Satisfactory in Most Lines.

THE BANKS WILL DECLARE

Dividends Next Week—The Past Six Months Has Been a Very Prosperous Period for All the Banks.

THE BUSINESS NEWS OF THE WEEK

Retail trade, the past week, with some houses, has been very good, Monday and Tuesday, especially being good days. The dull season is at hand however and no one expects big things. The clearance sales will be the features of the stores for the next few weeks and should make trade active.

In the wholesale circles the conditions are about like last week's. Trade is a little quiet with collections slow. Some of the whiskey houses are enjoying splendid trade but with the other houses the volume of business holds up about the same.

The manufacturing concerns report business good. For most lines it is off season, yet the hang over orders are coming in very well. The Lack Singletree Co. received a good sized order this week from Salt Lake City for a bill of goods. They have representatives in ten cities now and are running with full force this summer, although it is out of season to get up stock for current demands and for the early fall trade.

The Sutherland Medicine company is booking some good orders for Pine Tar Honey this month and July, August and September, it is expected will prove exceptional months. The sale of this medicine has assumed wonderful proportions and the business done this year will run into large figures. River trade continues good and all the boats are getting a share of it. Passenger business is fine. The railroads, too, are having good passenger traffic, the summer traveling having set in in earnest.

There is much rejoicing over the final settlement of the furnace project and the positive assurance that the furnace will soon be in blast. Gentlemen who should know say that Paducah's prospects for a big iron industry in the next few years are splendid and that it will give all lines of retail trade a great impetus.

TOBACCO.

The tobacco market experienced practically no change from that of last week excepting on lugs. There were larger offerings but the bidding was not so lively as was expected. The market has recovered somewhat from its recent declension. Gilbert & Co. held no sales yesterday but will offer a few hogheads today.

Lugs were a little easier than last week and were about two bids easier than last week's lug market. Leaf is reported fully up in comparison with the market of the past several weeks. Inspector Miller reports as follows:

Receipts week, 336 hogheads. Receipts year, 5,180 hogheads. Offerings week, 309 hogheads. Rejections week, 49 hogheads. Private sales week, 35 hogheads. Sales week, 295 hogheads. Sales year, 3,325.

REAL ESTATE.

By W. M. James.

Market this week shows more interest by investors. Inquiry for houses for renting out has been good, and a few good sales.

Lot sales both for building and speculation more active this week. Business for season of year is in healthy condition, no boom, but constant demand in all lines.

The bank clearings the past week amounted to: Clearings this week, \$586,066.10; same week last year, \$613,381.08.

Business at the banks the latter part of the week was light. The aggregate for the week, however, was

very good. Money is in good demand at present and the market will be tight until after the first of the month. At least the local financiers look for an easier market then.

This is the last week in the first half of the fiscal year and next Saturday the several boards of the banks will meet to declare dividends out of the earnings for the past six months. The period has been a most prosperous one for every one of the local institutions and the statements issued next week will show it. The amount of the dividends distributed will, too, be large.

TANK BURNED.

THE N. C. AND T. L. LOSES WATER TANK AND PUMP HOUSE.

The water tank and pump house at Iola, on the N. C. and St. L., burned last night, entailing a loss of about \$1,500.

The blaze is supposed to have started from a defective flue at the pump station.

A BROOKPORT SENSATION.

The Metropolis Herald says that quite a sensation was created at Brookport by the discovery of the body of a newborn infant in a vault at a residence. The coroner was called from Metropolis to hold an inquest. It seems from reports that a woman alleged to be named Bertha Sisk is the mother of the infant. She came from Pope county and was a domestic at the house where the body was found.

HALF AND HALF.

ONE SENTENCE AFFIRMED AND ONE REVERSED BY APPELLATE COURT.

Frankfort, Ky., June 22.—The appellate court this morning affirmed the sentence of Reuben Quinn, colored, convicted at Danville of the murder of Officer Crum, and sentenced to hang. The officer had gone into Quinn's dive to arrest him and was shot.

The sentence of Dr. Clark, convicted at Sturgis of the murder of Cora Waller, and given ten years, was reversed.

Dispatcher W. E. Smith, of Chicago, who has been working in Dispatcher Alvey's place during the latter's trip to San Francisco, returned home today at noon.

Mr. Bell Given, of the master mechanic's department, is expected home today after a week's business trip to Chicago.

In addition the company has continually and persistently raised its tracks above the grade of the street, which is contrary to law, and when the city's representatives go to it, it only laughs at us.

The mayor promises to have a warm, enthusiastic time with the street car company at the next meeting of the council, whether he complies any or not.

The Week in Society.

The Doings of the Smart Set the Past Six Days. Pleasant Events and Personal Mention.

SOCIETY AS A THERMOMETER.

When the mercury mounts higher, then we feel a keen desire to let things go. But when it takes a downward leap, we are no longer prone to sleep. But go, you know.

Society is nothing if not full of surprises, even to the society reporter who is supposed to know all her varied phases "off by heart." Here, when we had just crowned her lullaby and covered her over for a long summer's nap, she elects to wake from her beauty sleep and give us another rush.

O'yes, we have been gay this week, decidedly gay. No reminiscence of the winter could recall a day whose record was higher than a wedding in the forenoon, a card party in the afternoon, and a geminal at night. The entire social gamut, from the most informal affair to the swell afternoon function, has been run during the week, and now it is up to next week to give evidence what society will do. There are already a few announcements and it is more than probable there will be others as the number of visitors in the city is increasing and that always causes Paducah to behave her prettiest. Much will depend upon the weather, for though it is a law of philosophy that "heat expands and cold contracts," the social world is rather inclined to show a reversal of that established order of things.

THE WEEK'S COMMENCEMENTS.

June, the month of roses, is also, the month of commencements, and what is so fair as a day in June, except the "sweet girl graduate?" It is very appropriate that she should come when the roses bloom and all nature is attuned to her passing. It is to her—and to him—that we would make our best bow this week, and give them all honor. They deserve much credit for the ability to conquer which they have shown in their bout with school. Paducah has had her quota of interesting commencements during the week and they have been largely attended. It seemed like the face of everybody was turned towards La Belle park on Monday evening, to witness the High school commencement. It was an unusually creditable entertainment and each of the twenty-four graduates should have an especial mention—if society were not crowding us. The young ladies all looked charming, and the young men fine and manly. Their essays, orations, music and recitations were all of a high order of excellence. An abundance of flowers testified to their merit, and to the popularity of the receivers. The afternoon commencement exercises at St. Mary's academy on Thursday were largely attended, notwithstanding it was in the heat of the day, and it was a most interesting occasion. It is not possible to dwell on the merit of each person on the program, but the two fair young graduates, Miss Sadie Paxton and Miss Carrie Warren, deserve honorable mention. Their essays were thoughtful and clever, and they looked very charming, and made their debut on life's larger stage with ease and grace.

A BEAUTIFUL WEDDING.

A typical June wedding was that of Miss Anne Bethshares Hisey and Dr. Lillard Darwin Sanders on Wednesday morning at the Broadway Methodist church. Grace, simplicity and beauty characterized it, while the presence of all Society in their dainty summer gowns added a glow and color that made a most attractive picture. The bride in a charming gown of white organza with hat of pink roses, and carrying a large bouquet of white roses, looked most beautiful. The ceremony was by the Rev. H. B. Johnston, and Prof. Charles M. Davis presided at the organ. The ushers were Mr. William Sanders, Mr. David Sanders, Mr. Richard Rudy, Mr. Henry Rudy, Mr. Charles Boyd, and Mr. Wallace Well. An informal reception followed the ceremony, at the home of Judge and Mrs. James L. Bethshares where a number of friends of the popular young couple gathered to say good bye and escort them to the train.

Dr. and Mrs. Sanders went to St. Louis for a short wedding tour, and on their return will reside at Mrs. Ellen Morrow's, Fifth and Jefferson streets.

SANS SOUCI CLUB.

Miss Florence Yeiser entertained the Sans Souci club most charmingly on Thursday at her attractive suburban home, Afton Heights. It was a morning card party and a most pleasant occasion. Perhaps the presence of a few of the "sterner sex" gave an added zest and interest to the pleasure. There were seven tables of euchre, and the club prize was won by Mrs. Will Gilbert, while the visitor's prize was captured by Miss Ruth Well, the consolation to Miss Isler, of Hickman. A delightful luncheon was served in conclusion.

Besides the regular club members there were present: Misses Jessie Isler, of Hickman, Ky.; Miss Ruth Brooks, of Brook's Station, Ky.; Misses Turner, of Evansville; Misses Hendrick, of Madisonville; Misses Lillian Rudy, Mary Halloran, Hallie Hisey, Mabel Rieke, Ruth Well, Messrs. George Smith, Dave Sanders and Will Gilbert.

AN EVENING ON THE WATER.

Miss Lillian Rudy and Mr. Henry Rudy entertained most pleasantly on Tuesday evening with a party on the Brook Hill. Delightful refreshments were served and the evening was most charmingly spent. Mr. and Mrs. James A. Rudy chartered the party, and the guests were: Misses Martha Davis, Mable Rieke, Lulu Reed, Hallie Hisey, Minnie Terrell, Hattie Terrell, Myrtle Decker, Ada Enders, Gerald Sanders, Ella Sanders, Florence Yeiser, Caroline Sowell, Mayme Pettitt, of Princeton; Messrs. George Smith, Jay Brown, Edward Bringham, Charles Alcott, David Sanders, Evert Thompson, Frank Boone, Dow Welles, Stewart Sinnott, Wallace Well, Hughes McKnight, David Flounoy.

CINQUE CLUB ENTERTAINED.

Mrs. Fred Rudy was the charming hostess of the Young Ladies' Cinque club on Wednesday afternoon. It was the first entertainment in Mrs. Rudy's attractive new home on Fountain avenue, and was an especially delightful occasion. There were four tables of cinque, and the prizes which were very pretty went as follows: Club prize, a jeweled belt pin, Miss May Terrell; visitor's prize, a dainty lace pin, Miss Ruth Brooks, of Brook's Station; lone hand prize, a pretty statuette, Mrs. King Brooks. At the conclusion of the game delicious refreshments were served.

The guests included several outside of the club members, and some out of town visitors, and were: Mrs. J. E. English, Mrs. King Brooks, Mrs. Henry Bradley, Mrs. George Powell, Mrs. C. B. Hatfield, Miss Jessie Nash, Miss Martha Leech, Miss Mary Terrell, Miss Mary Boswell, Miss Mary Halloran, Miss Mickie Hansbro, Miss Lella Goodwin, Miss Montana Hopkins, Miss Ruth Brooks, of Brook's Station, and the Misses Turner, of Evansville.

The cotillion club's dance. The german at the La Belle park pavilion on Wednesday evening was a most delightful affair, and Society was largely represented. Among those in attendance were: Messrs. Albert Foster, W. J. Hills, Harris Rankin, W. A. Gardner, Mesdames Albert J. Decker, George Flounoy, Robert Phillips, Chas. J. White, of Chicago; Campbell Flounoy, Walter Johnson, Birdie Campbell, Misses Susanne Wethrell, of Flint, Mich.; Ruth Brooks, of Brook's Station, Ky.; Mayme Pettitt, of Princeton; Mickie Hansbro, Flora Hall, of Louisville; Myrtle Decker, Ruth Well, May, Mildred and Harriette Terrell, Anna Webb, Miss Beare, of New York; Lillian Rudy, Irene Scott, Jane Rivers, Mary Halloran, Mary and Anna Boswell, Mabel Rieke, Laura and Allie Sanders, Martha Leech, Ruby and Mary Corbett, Irene Cox, Messrs. Edw. Hart, Jos. L. Friedman, W. H. Bowman, Jay Brown, Charles Boyd, Tom Harrison, Stewart Sinnott, James Campbell, Hughes McKnight, Frank Boone, Dr. Voris, Edwin Wilson, Roy Culley, Maurice and Douglas Nash, Herbert

Hawkins, Henry Rudy, James Brooks, Dave and Will Sanders, Dr. Howell, Wallace Well, Frank and Louis Rieke, George Smith, W. B. McPherson.

A PRETTY HOME WEDDING.

The marriage of Miss Mary Florence Martin and Mr. Claude Baker occurred on Tuesday of the week at 10:30 a.m. at the bride's residence on Madison Street. It was a very pretty wedding and there were a number of guests present. The house was attractively decorated in palms and flowers for the occasion. They were married with the ring ceremony, which was most impressively performed by the Rev. H. B. Johnston of the Methodist Church and presiding elder of the Paducah district. Miss Birdie Gilbert, a personal friend of the bride played the "Wedding March" very delightfully. Miss Irene Schwab and Mr. Edwin Thomson, Miss Anna Street and Mr. John Walker were the attendants, Miss Schwab looking very charming in a white costume, and Miss Street being effectively gowned in pink. The bride wore an attractive street gown of green, with hat to match, and looked very sweet and

ladies' prize was won by the hostess, but was presented to the guest of honor, Miss Bodkin. The gentleman's prize was captured by Mr. Ralph Lawrence, and the ladies and gentleman's combination prizes went to Mr. and Mrs. Frank Kirchhoff, Jr. The lunch served at the close of the evening was delightful and a pleasant feature of the evening. Those who were invited to meet Miss Bodkin were: Mr. and Mrs. Frank Kirchhoff, Jr., Miss Stella Tarley, of Evansville, Miss Maud Anderson, Miss Maud Farley, Miss Bernice Greif, Miss Marie Farley, Miss Flora Glanzer, Messrs. Charles Fisher, Ralph Lawrence, Will Farley, Henry Swan, James Sleath, Frank Smith, James Ray, Robert Bruner, Guy Rudolph.

A SURPRISE PARTY.

A delightful little surprise party was given Miss Susie Thompson and her guest, Miss Anita Wood, of Wichita, Kansas, on Monday evening, when a number of the younger society crowd stormed the Thompson home on West Broadway.

The evening was spent in dancing, and the occasion was most pleasant. Among those who called to meet Miss Wood were: Miss Ethel Brooks, Miss Marjorie Scott, Miss Helen Decker, Miss Louise Cox, Miss Ida Leake, Mr. Morton Hand, Mr. Calhoun Rike, Mr. Robert Wallace, Mr. Frank Judge, Mr. Ollie Allard, Mr. Horace Sowell, Mr. Vaughn Scott, Mr. Frank Davis, Mr. George DuBois.

PARK SUPPER.

One of the pleasant informal gatherings of the week was the picnic supper at La Belle Park on Monday evening by the Church Building Society of the First Presbyterian Church. It was the final meeting of the society until the fall, and they made a social affair of it and invited some friends to assist in the celebration. The Society has been hard at work all the winter and have accomplished much for their church, and can well afford to rest on their laurels for the summer. Quite an enjoyable evening was spent, and the supper was delightful.

Y. M. C. A. RECEPTION.

There was a most enjoyable public reception held at the Y. M. C. A. parlors on Tuesday evening. The members and friends were out in full force, and a most pleasant evening was spent. An interesting program with fine music varied the evening's pleasure. Delightful refreshments of ices and cakes were served and greatly enjoyed.

Secretary Escott has the happy faculty of making everyone feel especially welcome and at home.

A JUVENILE PARTY.

Miss Lulu May Kelley, niece of Officer Tom Orr, of Eleventh and Caldwell streets, was given a party last evening at her uncle's home. There were about 30 little folks present and a most enjoyable evening was spent. Miss Kelley returned to her home in St. Louis today at noon.

A CHARMING RECEPTION.

Mrs. James Koger and Miss Koger were at home on Friday afternoon from 5 to 7 in honor of Miss Anna Webb just returned from Washington city, Miss Beare, of New York, Miss Isler of Hickman, and Miss Rhea, of Nashville. It was quite the social function of a gay week, and was a very charming June reception. The house was attractively decorated, flowers being everywhere in evidence, emphasizing the color scheme of pink and white. Mrs. Koger stood at the entrance of the parlors with Miss Henrietta Koger by her side, and wore a becoming silk gown of tan and white. Miss Koger is quite a pretty and attractive blonde and was charmingly gowned in white. Miss Jessie Isler also, wore a sweet gown of white organza, and Miss Rhea one of white over blue, and both looked very charming. Miss Webb was exceedingly handsome in a Parisian confection of jetted and spangled black net effectively trimmed with white lace medallions, the gown and the wearer seeming to suit admirably. Miss Beare was a dainty tan crepe de chine that was quite becoming. The hostess and guests of honor were ably assisted in receiving by Mesdames J. G. Brooks, Mrs. W. M. Cowgill, George Flounoy, Cook Husbands, Ben Weille, J. C. Reid, Finis Lack, Will Gilbert, L. S. Du Bois, Misses Julia Scott, Ada Thompson, Odie Puryear, Jennie Gilson, Mabel Weeks, Louise Cox.

Delightful lemonade was served by Misses Jane Rivers, Allie Sanders, Susie Thompson and Anita Wood, of Wichita, Kansas. The dining room was a charming symphony of pink and white. The

table with its floral decorations of pink and white carnations and pink shaded candelabra, was an attractive picture. The gowns of all who received in this room were beautiful effects in pink and white. Mrs. Robert B. Phillips and Mrs. Alonzo R. Meyers presided over the lunch table and were assisted by Misses Martha Davis, Ruth Well, Carlino Sowell, Lulu Reed, Florence Yeiser. The refreshments were delicious and in ices and cakes the pink and white were emphasized.

Although the afternoon was quite warm, three electric fans kept the heat from being felt in the house. The rooms were thronged with guests during the hours, and the pretty summer gowns artistic hats and bright faces gave an added charm to an already effective scene.

AN EVANSVILLE WEDDING.

The Evansville Courier of Tuesday last has this to say of a wedding in that city which has its interest for Paducah people also, in that the bride is known here, being a sister of Mrs. George C. Hughes of this city:

"The marriage of Miss Blanche Vane Bisch and Mr. David Mackey Gilbert took place at 7:30 o'clock this morning at the home of the bride's sister, Mrs. Edward Luck.

Rev. Mr. Nickerson of the Walnut Street Presbyterian Church officiated.

It was a quiet home ceremony, none but the immediate relatives being present, those from out of town being the bride's sisters and their families, Dr. and Mrs. J. O. Stillson, of Indianapolis, with their daughter, Miss Blanche Stillson; and Mr. and Mrs. Frank P. Lawton.

The bride wore an exceptionally handsome tailor traveling gown of light tan cloth, the coat elaborately trimmed with ecrú Russian lace bolero effect, the skirt with stitched bands. She wore a lovely hat to match the gown.

Mr. and Mrs. Gilbert left immediately after the ceremony on the early train for Chicago, Ill., and will spend some time in Buffalo, N. Y. before going to Newark, N. J., where they will go to housekeeping.

Mrs. Gilbert is of a superb type of beauty and of charming personality. She is the youngest daughter of the late Victor Bisch, formerly a prominent attorney of this city. She is one of a family of beautiful sisters, all of whom have since their marriage, with the exception of Mrs. Edward Luck, resided away from this city; Mrs. DeLashmott of Texas, Mrs. Stillson of Indianapolis, Mrs. Jones of Chicago, Ill., Mrs. Hughes of Paducah, Ky. and Mrs. Lawton, recently residing in Fort Branch, Ind.

Mr. Gilbert is a member of one of the oldest and most prominent families of Evansville and is the youngest son of the late Mr. and Mrs. Samuel Gilbert, the former having been one of the most widely known among the older merchants of the city. Mr. Gilbert has spent his life in this city, where until recently he was prominently engaged in business.

THE COMING WEEK.

Mr. and Mrs. W. J. Hills will entertain on Tuesday with a reception in the afternoon from five to seven, and a card party in the evening, in honor of Mrs. Charles White, of Chicago, and Miss Susan Wetherell, of Michigan.

The Young Ladies Cinque Club will be entertained on Wednesday morning by Miss Lella Goodwin, and on Friday by Mae Paxton.

ABOUT FOLKS.

Miss Emma Morgan expects to leave shortly to visit Mrs. W. N. Robins, of Chicago.

Miss Birdie Gilbert is a popular visitor in Benton this week.

Miss May Wallerstein is in St. Louis this week visiting her aunt, Mrs. H. W. Lavy.

Miss Alice Johnston who is quite popular here, has gone to Ironton, O., to spend the summer.

Mrs. and Mr. John W. Keiler and Mrs. Louise Friedman left this week for Chicago and the northwest to spend the summer.

Miss Anita Wood, of Wichita, Kansas, is the popular guest of Miss Susie Thompson on West Broadway.

Miss Birdie Nash left at noon today to visit her sister Mrs. John J. Saunders, of Louisville.

Miss Agnes Morris, of Natchez, Miss., is the charming guest of Mrs. W. F. Bradshaw on West Broadway. Miss Morris has inherited the famous Wheeler beauty.

Two charming Kentucky girls, Miss Lucy Orndorff of Russellville, and Miss Lillian Gary of Hopkinsville, are the guests of Mrs. W. E. Covington, 717 Jefferson Street. Miss Orndorff has just graduated from the Logan

college of Russellville and last Sunday's Courier-Journal had a most striking and attractive picture of her in the college cap and gown.

Miss Hattie Wilson, one of the talented teachers in the city schools, left this week for a visit to her home in Hickman, Ky.

Two attractive guests in the city just now are Miss Jessie Isler, of Hickman, Ky., and Miss Rhea, of Nashville, Tenn., who are visiting Miss Henrietta Koger of Jefferson street.

Miss Mayme Pettitt, of Princeton, who was the much admired guest of Miss Annie Hisey during the Carnival spent a few days in the city this week in attendance on the Sanders Hisey wedding.

Miss Lulu Reed, one of the city's brightest young ladies, will be the guest of Miss Margaret Park, of Mayfield, next week. Miss Park visited Miss Reed here during the spring and was quite popular.

Miss Fannie Richmond, of Clinton, who was the popular guest of Miss Mary Corbett very recently, gives a house party next week which Miss Mary Corbett and Mr. Thomas B. Harrison of this city, will attend.

Mr. and Mrs. Given Campbell, of St. Louis, are spending a few days in the city this week, the guests of Mrs. Florence Moquist, of West Broadway. Mr. and Mrs. Campbell have many friends here to bid them welcome.

It will interest the many friends of Mrs. W. N. Robins and her daughter, Miss Kate, to know that they will make a visit to Paducah in August. This is their first return to their old home since they left over a year ago for Chicago, and they will be warmly welcomed.

A distinguished party looked to take in the big Buffalo Exposition soon are Messrs. John Sherwin, Roy Culley, Wallace Well, and Herbert Hawkins. If the "Pan-Am" is so decidedly a "Ten-Cent" affair, it is strictly a "Ten-Cent" party and will reflect credit on Paducah.

"Pike's Peak Daily News", which enjoys the distinction of being the "most elevated publication on earth," in its register of distinguished visitors to the summit of Pike's Peak on Friday, June 14, contained the names of J. T. Donovan, Mrs. Kate Donovan, Miss Katharine Donovan, John Donovan, Jr., and Miss Maunie O'Brien, of Paducah, Kentucky.

Mrs. B. Baer left this week to visit in Marion, Ill., and later to make her home in Milwaukee with her daughter, Mrs. Sport Epstein. A number of her friends gave her a pleasant surprise party before her departure, and presented her with a beautiful souvenir brooch. Mr. Norman Epstein accompanied her, and Mr. and Mrs. Sport Epstein expects to follow shortly.

Capt. and Mrs. T. J. Woodward, Miss Stella Woodward and Mr. Glidden Woodward, of New Orleans, who for several weeks have been the guests of Mr. and Mrs. W. A. McLellan at the "Inn," left on Tuesday for the east to spend the summer. Captain Woodward and his pleasant family made many friends while here and received much attention.

Miss Jeanette Campbell, of this city, is now playing with the Proctor Stock Company at Albany, N. Y., and has been highly complimented by "The Clipper" of New York, the leading dramatic magazine of America. There is also a splendid picture of Miss Campbell occupying a prominent place in the paper. Miss Campbell certainly has undoubted dramatic talent, and it is a pleasure to her host of friends here that it should be so quickly recognized by the great world outside.

The Louisville Times of a recent date has a very striking picture of Miss Mason Montgomery, the eldest daughter of Mr. and Mrs. Zach Montgomery, of Frankfort. It is headed "A Frankfort Beauty" and she is described as being "much admired for her grace and beauty." The Montgomerys are well known in Paducah, and when they lived at Eldridge during Mr. Montgomery's prison contract lease, often visited here, being the guest of Mr. M. B. Nash's family and of Miss Emma Reed, Miss Mason was then quite a child but gave promise of being very handsome, like her mother, who is much admired here.

Misses Grace and Mabel Turner, of Evansville are the attractive guests of Mrs. George Powell on West Broadway.

Miss Kate White leaves on Tuesday, for Hutchinson, Kansas, where she will spend the summer with her sister, Mrs. George T. Irvan, and her brother, Mr. Herbert White.

Mrs. Pat O'Brien and daughters, Misses Ethel and Belle left today for Springfield, Tenn.

clainty. The wedding presents were numerous and elegant and testified to the popularity of the young couple.

Among the guests present from a distance were: Mr. and Mrs. Reynolds and Miss Lella Martin, of Greenville, Kentucky; Mrs. C. H. Webber, of Poplar Bluff, Missouri; Miss Sarah Snyder, of Carbondale, Ill.

Mr. and Mrs. Baker left immediately for the Pan-American Exposition and Eastern cities, and on their return will be at home at 723 Madison Street.

THE MCCUNE CARD PARTY.

A very charming card party was that given by Mrs. and Mrs. Robert McCune on Tuesday evening complimentary to Miss Katharine Bodkin, of Bardwell, the popular guest of Miss Bernice Greif. There were five tables of progressive euchre. The

In addition the company has continually and persistently raised its tracks above the grade of the street, which is contrary to law, and when the city's representatives go to it, it only laughs at us.

The mayor promises to have a warm, enthusiastic time with the street car company, but whether the council is willing to whether to complishes any thing or not.

There was a good attendance and the game was interesting all around. The local team was completely clear over their expenses and will probably arrange for another game when the team is in better shape. Jackson, the third baseman for the Marble Hall team, was ill and unable to play, which weakened the team considerably.

The Brook Hills were victorious over the younger team of Cairo yesterday afternoon by a score of 11 to 12. Russell, the pitcher for the Brook Hill team, did some star playing and the result of the game can largely be credited to him. He received the very best of support and the game was interesting all the way through. There was a good attendance and the game was played without an accident.

There was a good attendance and go game yesterday morning all around the local team. The local team was clear over their expenses and will probably arrange for another game when the team is in better shape. Jackson, the third baseman for the Marble Hall team, was ill and unable to play, which weakened the team considerably.

The Brook Hills were victorious over the younger team of Cairo yesterday afternoon by a score of 11 to 12. Russell, the pitcher for the Brook Hills team, did some star playing and the result of the game can largely be credited to him. He received the very best of support and the game was interesting all the way through. There was a good attendance and the game was played without an accident.

National Transmuting Clock. The transmitting clock at the naval observatory, Washington, is the absolute monarch of American timekeepers. Every day in the year except Sunday, by one pendulum-stroke, it speaks directly and instantaneously to every city and considerable towns between the peaks of the Rockies and the plains of Maine at high noon. By the one clock at the national capital together with its duplicate on the Pacific, is set nearly every timepiece in the United States and Cuba, most of those in Mexico and many on the border of Canada. A number of clocks—some three to 5,000—in nearly every large town are wired together. Local family, and, by means of a wire at the telegraph office, are in contact with the parent national capital. So that the electric touch is given upon every clock in the land at noon. Order by mail.

THE LITERARY OUTLOOK.

Lovers of Ralph Connor will welcome the announcement of a new story by him. It will run first as a serial in The Outlook. One would like to meet some old friends in it.

It is quite unusual to have a book by an anonymous author go through three editions before its publication, but that has been done by "The Tribulations of a Princess," announced to appear from Harper and Brothers. It is by the author of "The Martyrdom of an Empress," and is an autobiography told in the style of romance.

It is said that two American characters will figure largely in American fiction next winter. They are Abraham Lincoln and Aaron Burr, two very original characters it would seem. Lincoln has already appeared in Churchill's "Crisis," and it would be hard for him to have more sympathetic treatment elsewhere.

Cyrus Townsend Brady, whose stories and books have received much notice, has resigned his Philadelphia pastorate, and will devote himself entirely to literature. He will make his permanent home in New York city to be near his publishers, but will spend the summer at his Cape May cottage.

So realistically does Harrison Robertson in "The Inlanders" describe the idyllic wooded valley in Tennessee which owing to occasional overflows has never been touched by the clearer's ax, that he has brought a letter from a Tennesseean to the publishers, Claxton, Scribner's Sons, New York, inquiring if "that part of the book about Division Valley is made up? It reads like a sure enough place. If it is, where is it? It is bound to be a mighty rich land, and it is apt to be reasonably cheap. I'd like to take a look at it, as I've had considerable experience in reclaiming swamp lands."

This is quite a tribute to Mr. Robertson's powers of description as well as to the popularity of his book, with the "great common people."

Florence Morse Kingsley the author of "Titus," "Stephen," etc., has written a novelette that is said to be clever, original, bright, and captivating. "The Transfiguration of Miss Philura" is the title, and it is a story woven around the "New Thought," which is finding expression in Christian Science Divine Healing, etc. "Miss Philura" makes drafts upon the "All Encircling Good" for a husband and various other things, and the All Encircling Good does not disappoint her. All this sounds very promising, and the book will no doubt have many readers.

Mr. Kipling sent his "Recessional" to the London Times with the following letter, which has just been published: "Dear Sir:—Inclosed please find my sentiments on things—which I hope are yours. We've been blowing up the Trumpets of the New Moon a little too much for White Men, and it's about time we sobered down. If you would like it, it's at your service—on the old conditions that I can use it if I want it later in book form. The sooner it's in print the better. I don't want any proof. Couldn't you run it tonight, so as to end the week properly? If it's not your line, please drop me a wire. Ever yours sincerely, R. K." The poem was published the next morning. Kipling was asked to name his own price, but declined all payment.

An exchange contains the following warning which may come in good stead here, and we give for what it is worth.

"If some one should ask you if you have read many of Mrs. Hodgson Townsend's books, do not plead ignorance; the smart Alexandria is trying to display her knowledge of current matters at your expense. Since her latest marriage 'Frances Hodgson Burnett' has elected to retain her girlhood surname and is calling herself everywhere save on her title pages. 'Mrs. Hodgson Townsend.'"

TOMORROW'S BASEBALL. PADUCAH CLUBS TO GO TO CAIRO TOMORROW TO PLAY BASEBALL.

The Marble Hall baseball club will go to Cairo on the steamer Dick Fowler tomorrow and meet the best team of that place in a match game. The game will be called at 3 o'clock and will be played in the regular baseball park formerly used by the Central League. A big crowd will go down to root for the local boys and they hope to see the local team win. The team of Cairo is a very strong one and has defeated several of the best semi-professional teams in this part of the country.

The Brock Hill team of this city will also go down and play one of the younger teams. The following is the line-up of the Brock Hill team: G. Randall, 3b. B. Vogt, 2b. J. Osborne, 1b. J. Simpson, c. W. Russell, p. G. Barriman, lf. B. Middlesworth, ss. L. Berger, rf. M. Curry, cf.

MANY COMING.

THE RED MEN GREATLY ENCOURAGED OVER THEIR PROSPECTS.

They Will Give the People the first Big Fourth of July Celebration in 15 Years.

The Red Men are greatly encouraged over the prospects for a big crowd on July 4.

At Evansville big preparations are being made for an excursion to Paducah on the Joe Fowler. Fully 500 people are expected, and in addition, scores of people from all the neighboring towns will come by both train and boat, on which there will be reduced rates.

The Red Men in Paducah deserve much credit for their enterprise in undertaking the celebration. For several years there have been no attractions in Paducah on July 4 and in arranging for the entertainment now in preparation they expect not only to afford amusement and a place to go for home people, and preclude the necessity of their having to go elsewhere, but will also draw hundreds of strangers to Paducah.

The work at the fair grounds of getting things ready will require several days yet, but the result will fully justify the trouble and expense.

The Red Men ask nothing from any one except encouragement, and patronage on the big day. They are to get up the celebration at their own expense, and it will be a credit to them. Surrounding towns are now being billed and an immense crowd is expected July 4 to partake of Paducah's hospitality.

I. C. OFFICIALS. SUPERINTENDENT AND OTHER PROMINENT RAILROADERS HERE LAST EVENING.

Superintendent of Machinery William Renshaw, of Chicago, arrived in the city from the Louisville division on a special train yesterday afternoon and left for the St. Louis division. He was on his regular southern tour of inspection.

Superintendent H. U. Wallace, of the Louisville division, and Roadmaster L. A. Downs accompanied him to this city and returned home this morning on the pay train.

THE CLERKS' MINSTRELS. The clerks have gotten together the finest talent in the city for their minstrels next Wednesday night and will make a specialty of the music. They will have a full orchestra composed of the best musicians in the city and they are now rehearsing the program for the final night. The first part will be one of the best produced on any stage before a Paducah audience. The very best specialties will be introduced and they will be as good as any ever produced by amateurs. There will be plenty of ragtime, new and up-to-date gags, wittiest of the witty sayings and all introduced by the merry end man. The boys have been rehearsing steadily for the past several weeks and are now in the very best trim for the final night. It will be a novelty in the show line and will be well worth witnessing.

ILLNESS HAS AGED MRS. M'KINLEY.

Photograph Showing President's Wife as She Appears Today, Revealing Sad Changes in Appearance—Friends are Pained at Her Altered Appearance.

They Will Give the People the first Big Fourth of July Celebration in 15 Years.

The Red Men are greatly encouraged over the prospects for a big crowd on July 4.

At Evansville big preparations are being made for an excursion to Paducah on the Joe Fowler. Fully 500 people are expected, and in addition, scores of people from all the neighboring towns will come by both train and boat, on which there will be reduced rates.

The Red Men in Paducah deserve much credit for their enterprise in undertaking the celebration. For several years there have been no attractions in Paducah on July 4 and in arranging for the entertainment now in preparation they expect not only to afford amusement and a place to go for home people, and preclude the necessity of their having to go elsewhere, but will also draw hundreds of strangers to Paducah.

The work at the fair grounds of getting things ready will require several days yet, but the result will fully justify the trouble and expense.

The Red Men ask nothing from any one except encouragement, and patronage on the big day. They are to get up the celebration at their own expense, and it will be a credit to them. Surrounding towns are now being billed and an immense crowd is expected July 4 to partake of Paducah's hospitality.

I. C. OFFICIALS. SUPERINTENDENT AND OTHER PROMINENT RAILROADERS HERE LAST EVENING.

Superintendent of Machinery William Renshaw, of Chicago, arrived in the city from the Louisville division on a special train yesterday afternoon and left for the St. Louis division. He was on his regular southern tour of inspection.

Superintendent H. U. Wallace, of the Louisville division, and Roadmaster L. A. Downs accompanied him to this city and returned home this morning on the pay train.

THE CLERKS' MINSTRELS. The clerks have gotten together the finest talent in the city for their minstrels next Wednesday night and will make a specialty of the music. They will have a full orchestra composed of the best musicians in the city and they are now rehearsing the program for the final night. The first part will be one of the best produced on any stage before a Paducah audience. The very best specialties will be introduced and they will be as good as any ever produced by amateurs. There will be plenty of ragtime, new and up-to-date gags, wittiest of the witty sayings and all introduced by the merry end man. The boys have been rehearsing steadily for the past several weeks and are now in the very best trim for the final night. It will be a novelty in the show line and will be well worth witnessing.

The Sun, Paducah's best paper.

LABOR UNION NOTES.

Mr. Peter Smith, the national president of the United Leather Workers in H. G. is in Kansas City, Mo., where he attended the national convention of the above mentioned union. He will also spend several weeks in that city visiting relatives. This is the second term Mr. Smith has been elected to and his popularity in union circles and also in a social way cannot be equaled.

The leather workers will meet Wednesday night and hold its annual election of officers. This union is in fine condition and is one of the most enterprising unions in the city. Heretofore in all matters pertaining to labor day and other union celebrations the leather workers have taken an active part in the arrangements and have done more towards the union growth of Paducah than any other union in this city. The leather workers are among the first tradesmen to form a union in this city.

The Central body will hold its annual election of officers the first meeting night in July. It is the supreme court of the unions and all arbitration matters are carried on by this body. It is composed of three delegates from each of the unions and grows with the number of unions. Mr. Sam Simon, of the Leather Workers, is the present president of the Central body and will probably be elected to the same office for another term as he has proved himself a good man for the place and is one of the most popular union men in the city.

The car builders are growing fast and will soon have, comparatively, as big a list of members as any other local union. Many apprentices who are about to become journeymen have expressed their intention of becoming members when they get their trade and in this way the union will rapidly swell in the enrollment. The trade is flourishing and the Illinois Central shop have as many cars as can be handled conveniently at present.

The cigarmakers meet only once every month now. The trade is reported in good condition and the union flourishing. There are only two shops in Paducah that are not in the union and it is hoped soon they will put in their applications and become members. The local union is doing much towards the sale of local brands of cigars in the city and outside of several cigar stands nothing but union brands of cigars are sold. Many of the saloons and in fact all the union bars sell local union made cigars and the smoking public has been educated up to the union made brands which are now generally preferred.

The bartenders' union will hold its next meeting Tuesday night. The election of officers for the next year will be held on that night. The bartenders' union is the only union in the city that requires an examination before an applicant is admitted into their union. Every member of the bartenders' union has to be examined in the art of mixing drinks and if he does not have the very best standing after the examination he fails to pass and is not admitted to the union.

All who are to participate in the Clerks' Union Minstrel are training down to a fine point for the final night. The musical specialties are being rehearsed every night and the orchestra work will be worked on during next week. The boys intend to make it the most successful minstrel ever given in this city.

The Carpenters union met Tuesday night with good attendance and matters of much interest were discussed. The union is gaining members daily and hardly a meeting night is passed but that several new members are added to the enrollment list. The trade is flourishing and in good condition.

The Potters union is about in good working order and within the next week will be permanently established.

Mr. Howard C. Warlen, the well known machinist and prominent union man, has resigned his position with the I. O. and has gone into the phonograph business.

There is some talk of organizing a Sawyers union in Paducah. The mills here employ many sawyers and they will make a big union.

The eight hour work-day is agitating the minds of the laboring public at the present time and the matter is being thoroughly discussed in all the unions throughout the country. The present average work day is nine

hours and if possible it will be cut to eight hours. In the past century many machines and inventions of different classes have greatly decreased the requisite number of laborers, and to remedy this, the laboring class is agitating the eight hour work day question. They claim that many fine machines and experts at other trades have been thrown out of employment by the labor saving inventions and that they can make hardly enough to support themselves or families. What the laboring class propose is to make the working day eight hours long, so that more men will have to be employed to put the work out and in this way the defect is remedied to a certain extent. This is the working man's plan. The capitalists or proprietors of the different manufacturing concerns will perhaps look upon the question a little differently. No man will employ any more help than he needs when he has the machines that can do the work just as well, and then nine times out of ten the machine requires an operator and the force of workmen is not cut down but the work is turned out on shorter notice. The fight, should any occur, will be against what the inventors have accomplished during the past half century, and should they—the laboring class—win, the country will go back just one hundred years. It is, however, not probable that the eight hour work day will be generally accepted, but if the proper proceedings are prepared, the defect, if any exists, will be remedied in a way. The question has not been brought up in the local unions like it is intended that it shall be but when other matters are attended to it will probably be given a hearing.

About twenty ship carpenters walked out on the cankers at the Marine Ways Tuesday morning. The trouble was caused by the cankers being sent down to work on the steamer James M. White at both the cankers and ship carpenters' trades. Superintendent Tom Murray had an agreement with the men saying that he would, when the occasion demand, work his men at both or either trade, and using his own discretion in doing so. The boat was contracted to be off the Ways today and in the walking out of the carpenters the contract was in danger of being forfeited. The men saw that there was a misunderstanding and agreed to return to work the next morning, but for some reason or other they did not. The matter will probably be brought up in the ship carpenters' union and rules drawn up and passed on relative to the men in the above two trades working at their trade altogether, and prohibiting them from working at any other than the trade in which they stand a member of the union.

MARSHAL COLLINS' VISITOR. TURNER HOME-STEAD DESTROYED.
Marshal Collins has purchased a pony and yesterday brought it down to exhibit to his friends. He tied it to a post near the city hall and went for his baggy. When he returned several boys around the building informed him that a gentleman from Chicago was in his office and wished to see him on important business. The marshal hastened up the steps and into his office. He found tied to the desk his pony as much as case as he would have been in his stall. The marshal acknowledged the joke and led his pony out before setting up the drinks.

DNORS EVEN.
There was a good attendance and no game was played at the Brook Hills. The local team was something clear over their expenses and will probably arrange for another game when the team is in better shape. Jackson, the third baseman for the Marble Hall team, was ill and unable to play, which weakened the team considerably.

The Brook Hills were victorious over the younger team of Cairo yesterday afternoon by a score of 11 to 12. Russell, the pitcher for the Brook Hills team, did some star playing and the result of the game can largely be credited to him. He received the very best of support and the game was interesting all the way through. There was a good attendance and the game was played without an accident.

National Transmitting Clock. The transmitting clock at the naval observatory, Washington, is the absolute monarch of American timekeepers. Every day in the year except Sunday, by one pendulum-stroke, it speaks directly and instantaneously to every city and considerable towns between the peaks of the Rockies and the peaks of Maine at high noon. By one clock at the national capital together with its duplicate on the Pacific, is set nearly every timepiece in the United States and Cuba, most of those in Mexico and many on the border of Canada. A number of clocks—some three to 5,000—in nearly every street and large town are wired together, and, by means of a key at the telegraph office, are in direct contact with the parent national capital. So that the electric touch is given to every clock in the nation for it to be at Boston, Minneapolis, or Chicago, or any other city in the world.

\$8,000 LOSS

The Bazaar Destroyed By Fire and Adjoining Establishments Damaged This Morning

STARTED AT 3 O'CLOCK

The Fire Department's Good Work Saves Adjoining Buildings—Ladies Escape by Ladder.

PARTLY COVERED BY INSURANCE

The Bazaar, at 215 Broadway, was gutted by fire at an early hour this morning and the adjoining buildings were saved only through the good work of the fire department.

The blaze broke out shortly after 3 o'clock. It started in the rear of the house from an unknown origin and swept upwards, cutting off all means of escape for the Misses Abram, who resided up stairs. The two ladies were rescued by stationmen who placed a ladder to the balcony at the second floor and assisted them to the street.

The entire stock of goods will be practically a total loss as all that was not burned was soaked with water and ruined by smoke.

The furniture in the residence was also burned or ruined.

The stock of goods was valued at about \$5,000 much of it being new, and just received. There is \$1,000 insurance on it.

The building is owned by the Henneberger heirs, and the damage to it will amount to two thousand dollars or more.

The clothing store of S. Folz, next door to the Bazaar, was damaged by smoke and water to the extent of a thousand dollars or more. The loss will be fully covered by insurance.

Mr. John Doherty's stock of dry goods on the other side was slightly damaged by smoke.

The fire was a very dangerous one, and for a time the entire block was in danger. The fire departments did splendid work, and soon had the flames under control.

The total loss will be between \$8,000 and \$10,000 with partial insurance.
